

Dashboard Design & Feature Specification

A comprehensive architectural overview of the Discover feed, auto-cycling photo carousels, instant filter engine, membership workflows, and sub-modules.

Route Path: apps/web/src/app/(dashboard)	Design Theme: Luxury South Indian Matrimonial
Core Palette: Maroon (#7C1535), Gold (#B8901F), Peacock (#0D4F42)	Status: Production Ready UI / Specification

1. System Architecture & Route Directory

The (dashboard) route group contains all authenticated user capabilities, organized into specialized sub-modules and wrapped with a universal shell layout:

Route / Path	Module Name	Core Features & Responsibilities
/dashboard	Discover Feed	Real-time live matching, dual-slider age, quick filters, browse tabs, paywall teasers.
/interests	Interests Hub	Received & Sent requests, Confetti Match celebration, Private Notes, Watchlist, Blocklist.
/plans	Membership & Plans	4-tier plans (Free/Silver/Gold/Platinum), unlock previews, Refer & Earn, downloadable invoices.
/checkout	Payment Gateway	Addon selection (3m/6m/12m), multi-mode payment (UPI, Card, Netbanking, Wallets).
/profile	My Profile & SLA	Radial profile completeness ring, 3-tier verification status, horoscope & preferences summary.
/search	Dedicated Search	Keyword query bar + faceted search attributes (Astro, Horoscope, Education, Income).
/notifications	Notification Center	Categorized alerts (Interests, Messages, Profile, Account) with unread counters.
/settings	Privacy & Settings	Privacy controls (hide by user/city), contact visibility settings, notification toggles.

2. Layout & Shell Architecture (DashboardShell)

The master layout provides consistent navigation across desktop and mobile form factors:

- **Sticky Glass Header:** Rendered at z-50 with backdrop-blur-xl bg-[#ffbf4]/92 and a golden crown highlight border (gold-rule).
- **Live Notification Pill:** Real-time badge counter formatting 9+ when unread notifications exceed single digits.
- **Review Alert Chip:** Displays an amber 'Under review' badge when the user's profile is in the verification pipeline.
- **Mobile Bottom Navigation (MobileBottomNav):** 4-tab fixed navigation bar with safe-area spacing (Discover, Interests, Premium, Profile). Automatically unmounts during full-screen profile inspections.

3. Main Discover Feed & Live Filter Engine

The discover view offers a zero-friction discovery experience without requiring manual search button submissions. Every adjustment immediately updates the profile list:

A. Real-Time Quick Search Bar

- **Dual Age Slider:** Interactive range sliders for instant age filtering (18 to 50 years).
- **City Selector:** Dynamically compiled unique locations (Chennai, Coimbatore, Madurai, Bengaluru, etc.).
- **Community Selector:** Cultural community filters (Iyer, Iyengar, Mudaliar, Chettiar, Nadar, etc.).
- **My Preferences Preset:** Single-click action applying saved partner criteria from profile onboarding.
- **Saved Searches Modal:** Allows users to name and persist custom search parameters with auto-alerts.

B. Browse Tabs Segment

Tab Key	Display Label	Access Level	Matching Logic
all	All matches	Free Access	Ranked by algorithmic compatibility match percentage.
new	New profiles	Free Access	Profiles joined within the last 7 calendar days.
nearby	Nearby	Free Access	Matches located in the same city as the active user.
premium	Premium	■ Paid Tier	High-intent verified paying subscribers only.
verified	Verified	Free Access	Govt ID & Photo verified badge holders.
active	Recently active	■ Paid Tier	Online now or active within the last 2 hours.

4. Match Card & Auto-Cycling Carousel (MatchListCard)

The MatchListCard component is the primary interface element of the feed, combining dynamic photography, structured metadata, and swift actions:

A. Photo Carousel Behavior & Micro-Interactions

- **3-Second Auto-Rotation:** Background timer cycles through candidate photos every 3,000ms.
- **Hover & Touch Pause:** Automatically suspends photo rotation on desktop hover (onMouseEnter) or mobile tap (onTouchStart), resuming after a 2-second idle window.
- **Morphing Pill Indicators:** Dots at the bottom of the photo transition smoothly from a w-1.5 circle to a w-5 active bar.
- **Manual Navigation Chevrons:** Frosted glass circular controls (bg-black/40 backdrop-blur) allow left/right navigation without triggering the parent profile link.

B. Visual Badges & Overlay Architecture

- **Match Score:** Emerald badge with star icon (e.g. ★ 96%).
- **Photo Verified:** Translucent badge with verified shield icon.
- **Status Ribbons:** Highlights Top (featured), New (joined ≤ 7d), Premium (Gold/Platinum member), and Active today (online indicators).
- **Action Grid:** 3-button bottom row consisting of **Skip** (dismisses profile), **View** (opens profile route), and **Connect** (instant optimistic interest submission).

5. Advanced Multi-Facet Filter Drawer

Premium users can slide out the right-hand filter panel containing 10 collapsible accordion sections with instant reactivity:

Filter Category	Supported Options / Bands
Height Bands	Up to 5'4", 5'5" – 5'8", 5'9" & above
Education Groups	B.Tech, B.E, MBA, M.Sc, Ph.D, M.Phil, Post Doctorate
Annual Income	10–15 LPA, 15–25 LPA, 25–50 LPA, 50+ LPA
Dietary Habits	Vegetarian, Non-Vegetarian, Eggetarian, Vegan
Smoking & Drinking	No, Occasionally, Yes
Horoscope Star (Nakshatra)	All 27 Nakshatras (Ashwini, Bharani, Rohini, etc.)
Manglik Status & Relocate	Manglik (Yes/No/Don't know), Relocate (Yes/No)

6. Dashboard Sub-Modules & Capabilities

A. Interests & Mutual Matches Hub (/interests)

- **5 Segmented Tabs:** Received, Sent, Mutual Matches, Shortlisted, and Blocked.
- **Confetti Match Celebration:** Mutual accepts trigger an animated CSS confetti particle burst banner and unlock direct messaging.
- **Private Profile Notes:** Users can attach encrypted personal notes to candidates that are never shared with the candidate.

B. Membership & Feature Unlock Engine (/plans & /checkout)

- **Current Plan Widget:** Shows expiry countdown and renewal alert banner within 14 days of expiry.
- **Dynamic Unlocks Preview:** Clicking any tier shows interactive unlock cards demonstrating features opened after payment.
- **Refer & Earn:** Web Share API integration enabling users to earn 1 month of Silver by referring contacts.
- **Client-Side Tax Invoices:** Instant generation and download of formatted invoice receipts.

C. Profile & Completeness SLA (/profile)

- **Radial Completeness Ring:** Real-time SVG calculation of profile completion with missing section badges.
- **3-Tier Verification Checklist:** Tracks Phone (auto), Govt ID (Aadhaar/PAN/Passport SLA 24h), and Family verification.

D. Notifications & Privacy (/notifications & /settings)

- **Faceted Notification Filter:** Filter alerts by Interests, Messages, Profile views, and Account notifications.
- **Targeted Privacy Controls:** Granular options to hide profile from specific users or entire cities, and contact number visibility rules.

Design Summary: The Astalakshimi dashboard combines high-performance client state management with an elegant South Indian aesthetic. Zero-reload filtering, automated photo cycling, confetti match moments, and clear upgrade previews ensure maximum conversion and user engagement.
